SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

Pursuant to Sections 609 and 707.05(b) of the MPEP and 37 CFR 1.97-1.99, the following information is being disclosed to the Patent and Trademark Office as information that may be material to the examination of the above identified patent application.

The above identified patent application claims priority to Finnish patent application 942334 filed 19 May 1994. Applicants' attorney encloses a copy of an Office Action issued on the priority Finnish patent application 942334. The Finnish Office Action apparently cited several references as prior art which were furnished with the Office Action by our associates. The attached Form PTO-1449 lists these references individually. We also received an English translation of the Finnish Office Action from our Finnish associates.

Copies of the Finnish Office Action, English translation thereof, and the cited references are enclosed together with PTO-Form 1449.

The citation of these documents should not be construed as a representation that a thorough search has been made, or that other, more pertinent material is not available.

Respectfully submitted,

Harry F. Smith
